COLOR QUESTIONNAIRE

The following questions are not in any way binding upon you or your organization. The answers will be used solely to provide general guide lines for the development of techniques or equipment to help solve your problems.

1. Indicate the order (1, 2, 3, - 7) in which you see the largest potential use of color in your work?

Contact duplicates
 Enlarged transparencies
 Enlarged paper prints
 Prints for publications
 Briefing charts
 Spectral exploitation
 Combined stereo with black and white
 No use for color

2. Based on your present experience or knowledge, do you have a preference for: (choose one)

Reversal materials (Ektachrome)
 Negative - positive materials (Ektacolor)
 No preference

3. If you had a preference in question (2), can you name a particular product that you favor?

For what application.

4. For the principal uses of color that you foresee, what sizes would you expect to use most, assuming all were available?

Sheets up to 8 x 10
 Sheets larger than 8 x 10
 Rolls, 5-inch width or less
 Rolls, 9 $\frac{1}{2}$ -inch width or less

5. Assuming same requirement for enlargements to 8 x 10, what level of resolution would you desire in the enlarged print?

< 10 lines/mm
 10 - 30
 30 - 60
 > 60

- 2 -

6. In your work do you anticipate a need for stereo pairs using:

Both in color

One color, one black and white

Either way

No stereo

7. Do you normally do detailed analysis of your materials with:

The unaided eye

An enlarging viewer

Microscope optics

No detailed analysis

8. To the best of your knowledge, are the equipments you normally use in (7) well color-corrected?

Yes

No

Don't know

9. Other than stereo, are there other combinations of color and black and white that would be of use to you?

Yes _____

No _____

If yes, can you give an example?

10. In your estimate, where is the one place that color could contribute the most.

11. Do you have a problem in the color field today? Yes _____ No _____

In what application?

Name _____

Organization _____
